Summer Term (Week 5) – Friday 17<sup>th</sup> May 2024

### SATs Wrap-Up: Let the Fun Begin

We're bursting with pride for our Year 6 pupils as they tackled their tests with such poise and determination this week! While these tests are important, they're just a tiny glimpse of the children's capabilities. SATs don't measure the kindness they exude, or the magic they bring to the world. Our Year 6 pupils are more than test scores—they're a beautiful tapestry of talents, dreams, and achievements. As they await the results of their SATs, let's remind them: they are exceptional, regardless of what a test may indicate. Well done, Year 6! Onwards and upwards from here!

### WOW Nature Day

Mark your calendars! WOW day is on Friday 24<sup>th</sup> May, and it's going to be a fun day of learning for Reception -Year 5. We've got loads of nature-themed activities lined up for an unforgettable day. A letter came out this week with all of the details about the day. We hope to see you on this day for some outdoor fun!

### Spud-tacular Success in Year 2 DT Lesson

Year 2 students dived into the world of cooking this week, mastering the art of making potato rostis in their DT lesson. From peeling and grating to shaping and cooking, these young chefs showed off their skills with spuds. After patiently waiting for their creations to cool, they unanimously declared their rostis, "Crispy and yummy!" Hats off to Year 2 for their culinary success!

### Picture Perfect in Year 4

Year 4 pupils are making waves in their computing lessons as they dive into the world of photo editing! Armed with their digital skills, they've been busy learning the tricks of the trade, from cropping and rotating images to creating captivating moving effects. Soon, they'll be putting their newfound expertise to the test by editing backgrounds to transport their pictures to new places. As the unit the children will be designing their very own animals by cropping pictures. It's a digital masterpiece in the making, well done to our tech-savvy Year 4 superstars!

### Xylo-fun in Year 3 Music

The sweet sounds of music filled the air in Year 3 this week as our talented children created beautiful melodies on the xylophones. Their musical prowess caught the attention of Mrs. Plummer herself.

Impressed by their harmonious tunes, Mrs. Plummer made a special visit to the classroom to praise the children and give each pupil a sticker for their fantastic performances. Well done Year 3.

### Apology from Mrs. Sampson

I wanted to apologise if my recent invitation to the Ofsted parent survey caused any confusion. We haven't had, 'the call!' As we look ahead to next academic year, I am seeking parent views. I utilised the Ofsted forum to gather feedback but understand if this made you think we have visitors. Your opinions matter greatly, and I am committed to using them to enhance our school community as I write the school improvement plan for next year.

## Important Dates Coming Up
