

School council meeting Wednesday 1/10/25

Attendees: Mrs Collins, Mrs Felgate, Jack(Team R), Reuben(Team 4), Josh (Team 3) Ariya (Team 2), Evie (Team 6), Alex (Team 1)

Agenda:

This year, Mrs Sampson would like the School Council to have a voice in shaping our fundraising goals. Today we will be discussing the following options so we can gather your views.

1. New classroom flooring in KS2 – so it feels just as fresh and smart as the new flooring in KS1.
2. Painting Team 4 and Team 5 classrooms – to make them bright, welcoming and inspiring places to learn.
3. Refurbishing the KS2 girls' toilets – so they are modern, clean and comfortable for everyone.
4. A new fence around the Reception playground – so our youngest children can play safely and happily.
5. A new fence around the allotment areas – to protect the growing space and make it more enjoyable for gardening projects.
6. A new backboard for the netball post on the KS2 playground – so games are even more fun and competitive.
7. New pupil tables in Reception and Year 1 – so the children can enjoy their learning at brand-new, child-friendly furniture.

School Council views:

The school councilors discussed the options above and voted on which they thought were most important to focus on this year.

- New flooring in KS2 would be a good idea – all voted yes! The flooring in KS1 looks amazing and really makes the area look smart and a wonderful place to learn, the children agreed the KS2 area would also benefit from the same.
- Fencing around the pond area
- Backboards for netball posts would help during netball lessons.

Any other business:

- Reuben mentioned that during football at the weekend, some children are climbing into the reception playground – a new fence may help with this.
- Everyone is enjoying gardening club
- Could monkey bars be added to the climbing frame?
- Could Ipads get Minecraft education addition?
- Trim trail – could this be looked at – part of it needs to be fixed
- Could the steering wheel for the train in the KS1 be reinstated?
