Purple Plaque Detectives

Yesterday, Team 1 and Team 2 enjoyed a fantastic visit from Lucy at Suffolk Orthodontics. She taught the children all about keeping their teeth healthy and strong. The children

chewed special purple tablets and then looked in mirrors to see how much plaque was hiding on their teeth – it was quite a surprise for

some. Lucy also showed how much sugar is contained in different drinks and explained how often we should brush our teeth each day. The children asked lots of thoughtful questions and were fully engaged throughout. It was a great visit!

Rain, Shine and Polar Bears

Yesterday, Team R enjoyed an exciting visit to Jimmy's Farm, where Ranger Holly gave them a fantastic guided tour. The children explored the butterfly house and learned all about the butterfly life cycle. They were amazed to discover that the polar bear enjoys eating fruit and vegetables as well as meat. From sunshine to showers, the children experienced all kinds of weather throughout the day, but that didn't stop them having a wonderful time and creating special memories together.

Oscar-Worthy Performers

Team 6 had an exciting day today as John the cameraman visited school to film their special music video for the Oscars award evening.

Armed with his cameras, John travelled all around the school capturing every moment. The children danced, sang, performed actions and expertly mimed along to the music. They even brought in their own props to make the video extra special! There was lots of laughter, energy and enthusiasm throughout the filming. Fun was had by all, and we can't wait to see the finished music video!
