Autumn Term (Week 4)–Friday 25th September 2026

River Stour Adventure

Team 4 have been making a splash in Geography. They have been exploring the River Stour, identifying its physical and human features and comparing it with rivers in different environments.

Putting their geographical knowledge to work, the children have also become budding entrepreneurs, designing their very own exciting adventure businesses for the River Stour. What brilliant ideas!

A Golden Day for a Wonderful Cause

Today, our children enjoyed a very special Golden Snack Day in support of Aoife's Bubbles. There were smiles all around as everyone tucked into delicious golden biscuits, complete with golden icing and sprinkles! A huge thank you to our School Council

for organising the event and to our families for their kind donations and support.

Important Dates Coming Up

1st October

Harvest Festival at the Church (Children only)

2nd October

Individual School Photographs

8th October

14:00 Reception Tours for Prospective Parents ('27)

9th October

12th October

Parent Voice Survey Launches (Autumn '26)

15th October

Proudest Blue Day (Black History Month)

21st October

Parent Consultations 15:30 – 17:30

22nd October

Parent Consultations 16:00 – 19:30

23rd October

Non-Pupil Day

Attendance Heroes

Well done to our Team 4 attendance Heroes this week!

Class	Attendance	Class	Attendance
Reception	97%	Team 4	99%
Team 1	97%	Team 5	94%
Team 2	98%	Team 6	93%
Team 3	98%	All Suffolk Schools	95%

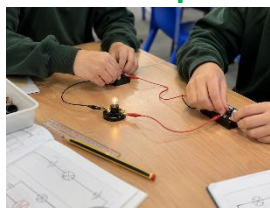

Come and Join Our Team

We're recruiting and would love to welcome a new member to our wonderful school team! Perhaps this opportunity would interest you, or perhaps you know someone who would be a perfect fit. Please take a look at the [job advert](#) and share it

with anyone who might be interested. We look forward to hearing from you!

Science – Sparking Curiosity

Team 6 have been getting switched on in Science as they explore electrical circuits. Our young scientists have been learning about the different components found in a series circuit and how to represent them using the correct scientific symbols. They've put their knowledge to the test by drawing and interpreting circuit diagrams, describing how components are arranged and challenging their classmates to identify electrical symbols. The children have also explored why scientists use standard symbols rather than pictures when recording circuits. Then came the really exciting part – using their scientific knowledge to build and investigate circuits for themselves. Well done Team 6.

Brilliant Balancing

Team 3 have been working hard in PE, developing their gymnastics skills through balances and shoulder stands. The children have been concentrating on strong body tension, pointed toes and controlled movements. They've shown fantastic determination while practising how to move safely and smoothly into and out of each balance. Keep up the great work, Team 3!
